Alice, This Is How You Approach Life And How You Appear To Others:

Scorpio Rising:

You are very strong-willed and proud, but intensely private and not easy to know well.

Behind your quiet exterior lies a great deal of emotional depth, sensitivity, complexity, and also fierce determination.

When you want something you go after it rather quietly but insistently and wholeheartedly - and you usually get it.

You are not a person who lives lightly or superficially. You want to live passionately and intensely and are not averse to challenge, danger, or to facing the darker side of life - human pain and struggle. You function well in crisis situations and often seek them out, for you enjoy the feeling of living at full capacity.

You are very intuitive about other people and especially about their unspoken feelings and hidden motives.

You usually have strong, immediate gut reactions, either positive or negative, which prove to be correct. You approach life very instinctively and

are not always fully conscious of why you feel or act as you do.

You also have a very strong affinity with animals - an acute sensitivity and a nonverbal kind of rapport with them.

In relation to others, you are rather cautious, sometimes even suspicious, until you get to know and trust them - and trust doesn't come easily to you.

When you commit yourself emotionally to someone, be it friend or lover, you are intensely loyal and devoted to them and you also expect the same kind of unwavering, undying loyalty in return.

If you are ever betrayed by someone you care deeply for, you are capable of hating and retaliating with as much fervor as you once loved.

Nothing is done halfway. In fact, you are intensely involved and often jealously attached to whatever you care about, be it person, idea, or cause. There is definitely a streak of emotional fanaticism in you.

Because of your natural reserve, others may see you as something of an enigma. You are quite self-protective and often defensive.

You are also very magnetic, especially to members of the opposite sex.

Moon Conjunct Ascendant:

You are impressionable, sympathetic, and responsive to the emotional tone and atmosphere around you. You harmonize, blend, and adapt yourself to other people. Often you are rather quiet, just listening

and feeling. You are subtle and know when to keep silent and wait. You act instinctively, sensing and intuiting when the time is right for action.

Pluto Conjunct Ascendant:

You are extremely willful, but often achieve your desires in a quiet, secretive, or manipulative way. You may be intensely charismatic and wield considerable influence over others, or you may be attracted to such powerful, fascinating personalities.

You tend to go to extremes in whatever you do, to be compulsive, and are driven by a sense of mission or destiny. You don't take anything at face value and are always digging beneath the surface for the deeper meaning or real motivations of others.

The Inner You And Your Real Motivations!

Sun in Pisces:

At heart you are very gentle, impressionable, and receptive - a dreamer. The world of your imagination, feelings, and intuition is as real to you as anything in the outer world, though you may have trouble verbalizing or interpreting your inner experiences in a way others can understand.

Mystical, artistic, musical, emotional and imaginative, you have a rich inner life, though you may seem rather unobtrusive and quiet outwardly. You usually keep to yourself.

You have great sensitivity and empathy with others, and you often sense things psychically or intuitively which prove to be correct.

You are tolerant, forgiving, and nonjudgmental, accepting people unconditionally regardless of their flaws, mistakes, or outward appearance.

You have deep compassion for the suffering of any fellow creature and often feel others' pain as if it were your own.

You sympathize with the needy, the disadvantaged, the misfits of society. You are capable of giving selflessly, living a life of devoted and compassionate service to others, as a healer, physician, social worker, or minister.

However, you tend to give indiscriminately, to let others take advantage of your kindness.

You have little sense of boundaries, of limits, of knowing when to say "no".

Moderation and self-discipline are not your strong points.

You are a lover and a peace-maker rather than a fighter, and you try to avoid open conflict. You will patiently ignore or "tune out" problems and hope they will go away by themselves, rather than directly confronting them, and you tend to lack the positive fighting spirit that is sometimes necessary to overcome challenges. You are fluid, open, nonresistant, and somewhat passive. You do things in a subtle, often covert, manner.

Your gifts may also lie in the realm of the creative, artistic, or musical, for you have a great sensitivity, inspiration, and limitless imagination. You respond very strongly to beauty and to love.

Your faults include a tendency to be lazy and negligent, and to wallow in self-pity rather than taking strong, definite action to change your life for the better. You also tend to become so detached from your immediate environment that you live in a disorderly, chaotic sort of hodgepodge, though this probably bothers those around you more than it bothers you.

Sun in 5th house:

You have a very dramatic, creative, expressive nature and you love to perform. You enjoy being the center of attention and you seek to shine, to excel, and to be outstanding in some unique way. You are very involved in your own creativity and self-expression, and take great pleasure in developing and using your special talents, whether these are artistic, athletic, or intellectual. You have a strong sense of pride.

Sun Conjunct Jupiter:

You are blessed with abundant optimism, self-confidence, and cheerful generosity. Your good will and friendliness win you many allies. You also have grand visions and aspirations, and the desire to succeed in life in a big way. You expect the best, and usually get it.

Sun Square Uranus:

Impulsive, restless, and spontaneous, your life is apt to be somewhat unstable and full of sudden changes. You are extremely independent and crave excitement, adventure, freedom, and discovery. You have a rebellious streak and often feel you are unusual and different from the mainstream of society. The unorthodox and novel appeal to you.

Your Mental Interests and Abilities

Mercury in Pisces:

You are more of a poet than a rational scientist, for your mind does not function in a strictly logical, linear fashion.

The language of music, art, or poetry is natural to you, and you are also able to think in highly abstract and symbolic terms.

Translating your thoughts and impressions into concrete, everyday language may be difficult for you at times and consequently you may appear less intelligent or at least less quick-witted and verbal than others.

This was especially true of you as a child, and you probably daydreamed a good deal also. You are intuitive and are able to sense what others' thoughts and feelings are, even before they say anything to you.

You often form an opinion about a person or situation without much factual knowledge of them, and your impressions are usually correct.

You can be somewhat absent-minded and you become so immersed in your own thoughts that you overlook things in your immediate, tangible environment.

You are extremely open-minded and believe that anything is possible. Intangible or spiritual forces seem just as real to you as anything in the concrete world.

Your imagination and your sympathetic understanding of other people are two of your greatest gifts.

Mercury in 4th House:

You have an introspective turn of mind and may enjoy keeping a journal or a record of your dreams and personal experiences, or learning about psychology, history, and the inner workings and emotional foundations of your own life. You are studious and something of a bookworm.

Your Emotions: Moods, Feelings, Romance

Moon in Scorpio:

Secretive and inclined to brooding silences, it is difficult for others to really know your inner core, for you trust and open yourself to very few. Allowing yourself to be vulnerable and to relinquish control in relationships is not easy for you.

You have intense, passionate loves and hates and are a jealously loyal and protective friend - or a fearsome foe.

You have a nasty habit of holding on to past hurts, resentments, and guilt - and to keep such feelings to yourself.

It is important for you to learn to forgive and let go, as well as to express your feelings openly and directly, rather than hiding or repressing them.

You are not content with superficial appearances and are always probing beneath the surface of things for hidden motives. You have a great deal of emotional depth.

Moon in 1st house:

You have a soft exterior and tend to relate very personally and sympathetically to other people. However, you sometimes let your emotions overpower your reasoning and logic, and consequently you are sometimes biased in your opinions.

You are impressionable and rather gentle, or at least that is the way you appear. Your feelings are on the surface and you can not hide your emotions.

Moon Conjunct Pluto:

Your emotions are very intense, but often hidden. Like a volcano, one minute you seem quite peaceful and the next you are exploding with great force and unexpected fury. The intensity of your reactions often surprises even you. You have tremendous zeal and tend to be an emotional fanatic about things you care about. Your feelings and desires can be so compelling that you do things against your better judgment and reason. You can also be very manipulative, in a subtle way.

Your personal relationships are deeply emotional, passionate, and often stormy and painful as well.

Venus in Aquarius:

You are open and **unconventional** in your attitude towards love, romance, and sex.

You enjoy socializing, bringing people together, and **having many friends of both sexes**. You value friendship very highly and are, in fact, more comfortable being a friend than a lover.

You desire an intellectual rapport or spiritual bond with your love partner, but deep intimacy and emotional bonding do not come easily to you.

The role of "husband" or "wife" in the traditional sense doesn't appeal to you, and you abhor jealousy and possessiveness since you feel that no person truly "belongs" to another.

You appreciate a love partner who will allow you plenty of freedom and is not very emotionally demanding.

Venus in 4th House:

A warm, loving, and comfortable home is very important to you and you invest a lot of your energy into beautifying, decorating, and creating a lovely home.

Also, you share your affection with the people in your family very generously and having close family ties is a major priority for you. Being at home makes you happy.

Venus Square Mars:

You are intensely amorous and attractive to the opposite sex, and are not inclined to friendly platonic relationships.

There is much tension in your love life - often because **you put your desires ahead of your partner's**, and are impatient about having your love needs satisfied.

The whole arena of love, romance, and sex is endlessly fascinating for you and you are not happy without a love partner.

You can "burn yourself out" by pouring so much of your energy into romance.

Venus Sextile Saturn:

Loyalty, fidelity, and security are very important to you in love. You are cautious about giving your heart away but true to the one who does win your love.

Your tastes are simple, even austere, and you do not appreciate frivolity. You are interested in a person's character and inner qualities far more than their appearance. Casual or superficial relationships don't interest you at all, for love seems to get deeper and richer and more satisfying for you with time.

Your Drive and Ambition: How You Achieve Your Goals

Mars in Taurus:

Once you set your mind on a goal, your dedication, determination, and commitment to it are extraordinary.

You pursue your ambitions tenaciously and will stubbornly refuse to give up, let go, or be influenced in any way. Like Aesop's tortoise, you labor patiently and steadfastly until you achieve what you want - or until it is clear beyond a shadow of a doubt that all is lost.

You are a reliable, consistent, and productive worker, and often shoulder more of the workload than your co-workers, usually without complaint.

The nitty-gritty work often falls to you. You prefer a regular routine, with definite hours and clearly defined responsibilities and tasks. In fact, establishing a pattern or routine is very important to your success because once you get started in a certain direction, is easy for you to follow it through to its completion.

Getting started is more difficult. You have a lazy, comfort-loving side and there is often a good deal of inertia for you to overcome before you get going. Once you get a momentum going, your energy level is strong and steady.

You are interested in concrete results and solid, practical achievement. You need to have some tangible product or contribution to show for your efforts, and cannot be content with only intangible rewards (such as having a good time, learning, or spiritual enrichment).

Material well-being and security is also a large factor in determining what you do. Your stamina and persistence is your great strength but it can also work against you; you can get caught in a rut and refuse to seize new opportunities.

You also tend to play it safe, and to limit yourself in that way.

Mars in 7th House:

You are attracted to feisty, dynamic, strong-willed people, and you seem to need a lot of fireworks in your personal relationships.

You can be very combative, or get involved with people who are. Ideally you will join with people who are energetic and ambitious, but not too domineering or aggressive.

Other Very Important Influences

Jupiter in Aries:

You believe strongly in the power of positivity and in each individual's ability to make life anything desired through one's own initiative and effort. The more you rely on yourself, the better you feel, and you find it difficult to ask for or accept outside help.

The joy of competing (and especially winning!) runs deep in you.

Jupiter in 5th House:

You are fun-loving and playful, and you throw yourself into your play with joyous abandon! Whatever your love or enthusiasm of the moment is, you go all out for it.

You enjoy sports, recreation, or gambling, and you can be somewhat hedonistic or addicted to having a good time. Your children or your creative pursuits give you much happiness and fulfillment.

Jupiter Square Neptune:

You have a need to escape from the demands of everyday life, and reach out to something bigger, more exotic, more exciting.

Traveling is good for you. You may also daydream, fantasize, or philosophize a great deal.

Saturn in Sagittarius:

You have a critical, cynical attitude towards many religions and philosophies. Without realizing it, you prevent yourself from appreciating new viewpoints and attitudes. You are more rigid and dogmatic than you realize. Your approach may also be too intellectual or moralistic.

You take your own political beliefs and spiritual philosophy very seriously, worrying and fretting if you are not 100% clear about some ideology or theory.

Saturn in 2nd House:

Your fears revolve around money and material security, and you work very hard to ensure that your assets are solid. You may be very conservative, even stingy, with your money because you are afraid there won't be enough. You may turn this fear around and become very shrewd about investments and financial matters.

Saturn Conjunct Uranus:

You are serious and sincere about your interests, you do not accept superficial answers, and you are not easily placated. You want to bring your inspirations into concrete reality, and you don't mind upsetting some apple carts if necessary. You become impatient with others for being hesitant to implement new ideas and take action, and your occasional outbreaks of brusque, insensitive behavior often do more harm than good.

Uranus in Sagittarius:

You are part of a 7 year group of people who are extremely enterprising and forward-looking. You are optimists and explorers.

Your age group shoots for the stars, figuratively and literally. Space exploration takes on new dimensions as your age group pushes fervently to the next frontier. There is a buoyant and youthful optimism and enthusiasm in your group, and you have your share of great discoveries as well as pipe dreams and disillusionment.

The discoveries and contributions, however, are many, and more than compensate for the failures.

Uranus in 2nd House:

You have a reckless, impulsive, or very unconventional attitude toward money, material things, and ownership. Above all, you do not want to be possessed by your possessions. The obligations of owning things are likely to feel oppressive to you.

Also, you may make your money in a field that is unconventional, highly unstable, or very inventive and innovative. Your fortunes are likely to fluctuate widely throughout your life.

Neptune in Capricorn:

You are part of a 14 year group of people who are **conservative and traditional** in spiritual aspirations and religious outlook.

Your age group returns to some traditional basics in religion, and also traditional styles in music and art. Classical music and literature have a revival with your age group, and a great deal of inspiration is gained from the masters of arts, music, literature, and philosophy throughout history.

Your age group is contemplative and reflective about religious matters and you take an objective and logical approach to religious issues.

Many of you are cynics and critics of spiritual and metaphysical ideas.

Other age groups criticize your group for not having enough heart and compassion. Sometimes this is true and is evidenced by some unusually crafty and manipulative fraud and deception that occurs in the higher ranks of governments and large businesses.

Neptune in 2nd House:

You may have a great deal of confusion over money, financial matters, and ownership. Perhaps these things mean very little to you. Or possibly you simply don't know how to deal with them in a realistic, effective way.

Also, you may make your living through artistic, musical, or highly imaginative endeavors.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Scorpio:

You are part of a 12 year group of people who have a complex and deep emotional side. Your age group has a great fascination

for the mysteries of life, and members of your age group will make extraordinary breakthroughs in the understanding of life processes; major advances in biological sciences will open up new technological possibilities. Intensive probing into genetic structure and cellular processes will accelerate genetic engineering into new vistas. Your generation also probes the mysteries of birth and death, and members of your age group will even develop laboratories for forging new understanding of what happens at birth and death.

Other breakthroughs will be made in the understanding of animal behavior and sexual activity. Archeological studies will unearth vast new insights into the history of man, and the exploration of the ocean will receive a new impetus, spurred by unusual and interesting findings made at the bottom of the sea.

Behind all of this work is the deep, probing, penetrating interest in the mysterious. There is a deep fascination with sex, power, and the occult as well.

Hypnosis, karate, and other mental and physical training techniques are likely to be very popular with your age group. The love of mystery is also likely to bring a revival of mystery novels and movies; your age group will bring the macabre into current fashion and style.

You are an emotionally complex group, and you can be prone to some very strange behavior. Intrigue and mystery are exciting to your age group, and hopefully this does not get the better of you, causing you to act in a cruel or grotesque manner.

There is a chance that crime, violence, and emotional disturbance will be relatively high in your age group.

Pluto in 1st House:

You are an intense person, inclined to be wholeheartedly and passionately involved in whatever your current interest is. You easily go to extremes and you make more moderate, easy-going souls feel uncomfortable.

You may have unusual charisma and also be profoundly influenced by powerful, charismatic figures whom you model yourself after.

Learning to use personal power appropriately is an issue for you. Negatively, you can be manipulative and obsessed with personal aggrandizement.

Positively, you can be a potent force for change, growth, and healing in the world.

Michael, This Is How You Approach Life and How You Appear To Others

Leo Rising:

Ferociously proud and somewhat vain, you like to be impressive and to be seen as somebody special.

You are not timid, meek, or self-effacing, and are rarely content being in the background or in the subordinate position.

You are a natural leader, and do not take orders from others very well. You must have something of your own, something creative - be it a business, a project, a home or whatever - that you can develop and manage according to your own will and vision.

Whatever you do, you do it in a unique, dramatic, individual way. You like to put your own personal stamp on it.

You also have a very strong sense of dignity, self-respect, and personal honor and are deeply offended if someone treats you in a humiliating or dishonorable way.

You will rarely confront the offender - you are too proud to do so - but you will lose your affection and respect for them. You dislike pettiness and hate to be snubbed or ignored.

You admire others who are strong individuals like yourself. When you befriend someone, you are tremendously loyal, sincere, and willing to go to extraordinary lengths to make that person happy. You are very giving and generous, but your gifts are never anonymous - you expect recognition and appreciation for them.

You also expect the intense loyalty that you offer to your dear ones to be reciprocated. However, you often have trouble working with people who are as strong as yourself, for you do not really cooperate or share the leading role very easily. If you are not in the leading role, you aspire to be and will compete with the person who is.

You have great heart and courage, and people often look to you for strength, encouragement, and affirmation. You always have your best face forward and rarely allow others to see you hurting, disheartened, or vulnerable. You also have a very strong need for love, admiration, appreciation, and praise, although you don't like others to realize just how important it is to you.

Your outlook on life tends to be very personal and rather self-centered. Your own self-expression, self-actualization and self-realization interests you more than anything else. You feel that if you do your best where you are, the rest of the world will take care of itself.

The Inner You And Your Real Motivations!

Sun in Leo:

Proud and intensely individual, you really want to stand out, to be the very best you can be, and to be recognized and appreciated for your unique contributions. Doing something well and being respected for it is extremely important to you, and you cannot tolerate being in the background, taking orders from others, or being "just one of the team". You must put your personal stamp on whatever you do, and direct your own course in life. You need to have a place where you can shine, express yourself creatively, and be the one in charge.

You have big dreams and the determination, spirit, vitality, and enthusiasm to bring them into being. You also have a noble, romantic heart, and a love of the dramatic, colorful, and extravagant.

For you it is true that "all the world's a stage" and you secretly (or perhaps not so secretly) desire to be the Star or Hero in the play. You want to be great, and to receive the love and applause of an adoring audience, even if the "audience" is just one other special person. You need someone to believe in you and your dreams. Though you appear radiantly self-confident and independent, you are actually very much dependent on the affirmation, love, and recognition of others. You cannot bear being unnoticed or unappreciated.

You also **love wholeheartedly and generously** and really know how to make the person you love feel special. You love the magic of "being in love" and know how to keep the romance alive in your relationships. You are also immensely loyal and will defend your loved ones and stand by them to

the end - as long as they never offend your pride or betray your trust. However, you like to be the strong one in a relationship and you really do not share the leading role very easily. Ideally you need to find a person who is as strong-willed as yourself, but who will not try to dominate or compete with you.

Your strengths are your zest and love for life, your creative power, and your warm and generous heart. Your primary fault is your tendency to be very egocentric, so concerned with the impression you are making and with your own creative self-expression that you forget there is another, larger world that does not revolve around you.

Sun in 2nd House:

Ownership gives you a sense of security, and you have a strong attachment to your possessions. You also have a natural instinct or understanding of economics, finance, trade, and appraising the value of merchandise.

Sun Square Mars:

You are **direct, energetic, sometimes aggressive and combative.** You often feel that you need to fight to get what you want and you tend to have a "me-first" attitude that angers or irritates others. You are hasty, restless, impatient, and sometimes reckless.

Sun Trine Jupiter:

You have big aspirations but do not struggle or labor to achieve them. **Your self-confidence and inner harmony attract success and benefits to you in an almost magical way.** Your optimism and

cheerful generosity also win you many allies and successes in life.

Sun Trine Neptune:

You are imaginative and sensitive to anything colorful, beautiful, or magical. You are attracted to artistic and creative pursuits, music, and mysticism. Your spiritual values color your whole perspective and approach to life. You are idealistic and perhaps impractical.

Sun Sextile Pluto:

You have a deep belief in your own power and your ability to survive any change and to emerge victoriously from any difficulty. You have tremendous inner resources and strength. Intense, strong willed, and zealous, you pursue your desires and goals with complete dedication and singleness of purpose, and you may be somewhat compulsive, even fanatical at times. You like to live intensely and have no respect for people who are weak, who avoid confronting life and their own destiny.

Your Mental Interests and Abilities

Mercury in Virgo:

You are an exacting perfectionist with a clear, logical, analytical mind and an aptitude for work that requires meticulous attention to detail and efficient organization. Well-grounded and pragmatic, you tend to develop specialized skills and technical expertise in some practical field. Knowledge, ideas, and theories don't really interest you unless they are useful in a tangible

way. You are inclined to analyze, measure, and dissect everything and to miss nuances, subtle shades of feeling and meaning. Your strengths are in your **precise thinking, careful craftsmanship, and mastery of technical skills**. You tend to be very good at what you do and critical of others' work if it does not meet your high standards.

Mercury in 2nd House:

Your mental skills and intelligence are directed toward practical matters, and you are interested in the tangible effects of any abstract idea or concept. You are very interested in finance, economics, and moneymaking strategies.

Mercury Conjunct Venus:

You appreciate aesthetics and have a fine sense of form, design, and beauty. You could develop considerable technical skill as an artist, designer, craftsman, or creative writer. You could also sell objects of beauty - artistic products, cosmetics, jewelry, etc.

You have the ability to please and harmonize well with others and tend to improve relationships between people. Your sense of humor, tact, and personal charm are of great benefit to you in any work with people on a one-to-one level.

Mercury Square Uranus:

You are an original thinker, capable of unique discoveries and innovations, but you tend to scatter your energies into too many directions at once and to make impulsive or hasty decisions. You grasp ideas very quickly and become impatient with duller or more conservative minds. A **fast-moving,**

mentally stimulating, and unpredictable atmosphere

suits you quite well, even though you may complain about the stress and the crazy pace. You have a technical bent and are interested in the newest scientific theories and findings, electronics, computers, etc.

Mercury Sextile Saturn:

You possess **excellent powers of concentration**, and enjoy studying or deep thinking in solitude. Discriminating and highly rational, you get right down to the bare bones in any discussion, and are quick to see the fuzzy thinking or weaknesses in another's logic. You are well suited to any work which requires organized thinking, precision, and a methodical approach. You enjoy working on problems that others consider too tedious, repetitive, or technical. You tend to become a specialist in some field of knowledge, and to become engrossed in all of the small details of that area, sometimes not realizing that few people share your particular interest, especially to the extent that you do.

Moon Square Mercury:

You are not interested in subjects that are wholly abstract or technical. **There must be a personal, human element to evoke your interest.** Your interest is people and their inner motivations, feelings, personal lives, and experiences. You are a natural listener with a talent for getting others to talk about their lives, dreams, desires - the things that are personally meaningful to them. You could also be an excellent writer, reporter, or biographer.

You have a particular interest in the past. You are concerned either with personal history (childhood and early family experiences,

genealogy, etc.) or with the roots and origins of societies (archeology, mythology, history, etc).

You are nostalgic and love to hear others' life stories and to discuss your own experiences and feelings. You like to read biographies and memoirs, and probably keep a diary or journal yourself. You also have the ability to be a successful public speaker.

Your Emotions: Moods, Feelings, Romance

Moon in Gemini:

You do not appear to be an intensely emotional or sentimental person, and you are often unaware of your own or other people's deeper feelings and emotional needs. Tears and tantrums bewilder you and make you very uncomfortable. You would rather settle differences by talking things out reasonably and rationally, but you tend to ignore or poke fun at any attempt to probe your own or others' inner depths.

You avoid heavy, demanding emotional involvements and are wary of making personal commitments.

You need plenty of mental stimulation and you feel close to people with whom you can share thoughts and mental interests. Conversation is very important to you. The strong, silent type of partner is not for you.

Moon in 11th House:

You get a lot of emotional fulfillment through your involvement in groups, clubs, organizations, community activities, or a network

of close friends who support and care for you. You make friends your family, and feel a close kinship with people who share some ideals or beliefs that you hold dear. You need people outside of your physical family to relate to and belong to.

Moon Square Venus:

You have conflicting emotional desires and needs which complicate your personal life. You may feel that you cannot depend on your love partner to take care of you or perhaps you cannot decide what you really want in a love relationship: a parent or a lover. If your needs for emotional sustenance and love are not satisfied, overeating (especially sweets) can be a problem for you.

Venus in Virgo:

You are quietly devoted and faithful to your loved ones, and often become a kind of servant to your love partner. You are more comfortable showing love for someone by doing something for them, making something for them, or simply being there for them - rather than telling them so in a romantic, soul-stirring sort of way. **You are timid about expressing too much sentiment or emotion.** You also underestimate your attractiveness and lovability and doubt your own worthiness to receive love and appreciation.

Venus in 2nd House:

For you, **caring and affection must be expressed tangibly**, and you love giving and receiving gifts. You value luxury, comfort, and elegance very highly and appreciate beautiful things. You can be self-indulgent and extravagant. Being overly possessive of people you love and of your belongings is something you need to beware of.

Your Drive and Ambition: How You Achieve Your Goals

Mars in Sagittarius:

You are aspiring, enterprising, and forever following some bright and distant star, planning some new venture or investigating new potentials. You are definitely "upwardly mobile" in either a material or spiritual sense (or both).

You aim high and are not content simply with a quiet, secure existence. You like to stretch your limits, to see how far you can go, and to take risks. You are a positive thinker, expect success for yourself, and are philosophical about failures. You are flexible and bounce back from disappointment rather quickly, usually with another hopeful new idea you want to try. Your enthusiasm and confidence are contagious and enable you to enlist the aid and support you need for your projects. However, you sometimes promise more than you can actually achieve, due to over-optimism or insufficient attention to the practicalities involved.

You also tend to get distracted and to have too many things going at once. Although it is very difficult for you, there are times when you simply must develop commitment, perseverance, and persistence in order to make your dreams and goals a concrete reality. Too often you fall short of what you could attain because you are unwilling to persist through the difficult or less exciting times.

You also enjoy competition and usually do not take it too seriously. Either sports or entrepreneurship would be good ways to channel your energy.

Mars in 5th House:

You play vigorously and enjoy competitive games and physical rough-and-tumble activities. Athletics and/or physical activities have great appeal for you. You take the initiative in sports and also in romance: you are ardent in pursuing ANYTHING you desire.

Other Very Important Influences

Jupiter in Capricorn:

You have an innate shrewdness, and the ability to develop a clear strategy and follow it carefully in order to reach your goals. You also have a natural sense of order, structure, and self-discipline. You are likely to excel, both because you are ambitious and because it is very important to you to do a professional job, no matter what field you are in, or how humble the task.

Jupiter in 5th House:

You are fun-loving and playful, and you throw yourself into your play with joyous abandon! Whatever your love or enthusiasm of the moment is, you go all out for it. You enjoy sports, recreation, or gambling, and you can be somewhat hedonistic or addicted to having a good time. **Your children or your creative pursuits give you much happiness and fulfillment.**

Jupiter Conjunct Neptune:

You have an unusually expansive, far-reaching outlook on life. At times the everyday routine is far too dull and boring to you, and you are

inclined to travel, daydream, fantasize, or philosophize on a grand scale.

Jupiter Sextile Pluto:

Your willingness, even eagerness, to embrace change and to undergo **deep, transformative experiences for growth and self-improvement** is one of your finest attributes. You are also likely to be an instrument for positive reform in the world. You coordinate well with other people when you share a mission or higher purpose.

Saturn in Scorpio:

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. **Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.**

Saturn in 4th House:

Your childhood or your relationship with your parents was restrictive, unloving, or unhappy in ways that may prevent you from allowing other people to get close to you in later life. You felt deprived in some manner, whether or not you actually were deprived in some way. Emotional separations or repression of your needs and feelings may typify your early life, at least as you remember it.

Forgiving your parents and/or letting go of any resentments you have about the limitations you experienced early in your life is crucial.

Also, you need to build your own solid foundation, and investing time and energy into your home, domestic relationships, and inner life can help you accomplish this.

Uranus in Sagittarius:

You are part of a 7 year group of people who are **extremely enterprising and forward-looking**. You are optimists and explorers. Your age group shoots for the stars, figuratively and literally. Space exploration takes on new dimensions as your age group pushes fervently to the next frontier. There is a buoyant and youthful optimism and enthusiasm in your group, and you have your share of great discoveries as well as pipe dreams and disillusionment. The discoveries and contributions, however, are many, and more than compensate for the failures.

Uranus in 5th House:

You are uninhibited and have an outrageous, crazy sense of humor. You love to get loose and you're often impulsive or "wild". Even if you appear conventional, you are attracted to highly eccentric, creative, or unusual companions. In romance, you are happiest when there is an element of surprise, unpredictability, and adventure. You may choose unstable love partners.

Neptune in Sagittarius:

You are part of a 14 year group of people that are **extremely idealistic and farsighted** in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of

your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

Neptune in 5th House:

Your creative self-expression has a very imaginative quality, and you have a particular affinity for drama, theater, film, and other artistic mediums in which creative fantasy plays a major role.

In love and romance, also, you often have glamorous fantasies that have little to do with reality.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Libra:

You are part of a 12 year group of people who are deeply interested in personal relationships. Your age group has a deeply-rooted yearning to see people relating and communicating with each other

effectively and harmoniously. There is little egotism and a willingness to hear the other person's side of the story and a readiness to compromise and arbitrate different points of view. In fact, the need for harmonious, peaceful relationships is so strong that there is a tendency to overlook real differences and to focus only on the similarities in an attempt to bring different parties into harmony with each other.

Interest in psychology and sociology is high in your age group. There is a tremendous heightening of awareness of social skills. Your age group will experiment with different marriage styles, family relationships, and even business relationships in an attempt to bring fair treatment and effective communication between people. Interest and appreciation for other cultures is also strong, and your age group will work hard to preserve and support the cultural heritage of all ethnic groups.

Your **strong yearning for equitable and harmonious relationships** is also reflected in major advancements in trade agreements, arms control, and international cooperation that are designed and implemented by your generation. These agreements and policies foster a much safer and more cooperative environment for all, although there is also a tendency for greedy individuals to take advantage of the conciliatory atmosphere and twist situations to their own ends.

In short, you are part of a generation of individuals who are deeply interested in other people; you are a humanistic and humanitarian group. You will struggle and experiment with personal relationships, and forge new models for how people can relate as friends, family members, and members of nations as well.

Pluto in 4th House:

There was much that was hidden or secret in your childhood home, and you absorbed a sense of shame or a feeling that you need to hide and protect who you are from others. One of your parents had an especially intense bond to you and profoundly influenced you, perhaps dominated or controlled you in subtle ways. Unlocking the secrets of the past, and learning to be intimate and close to others without controlling or being controlled are issues for you.

7. Adventurousness, Surprises, Disturbances:
70 out of 150
8. Shared Creativity, Imagination, and Inspiration:
93 out of 150

Given above are your compatibility scores in 8 different categories. A score of 100 is average. A score above 100 indicates that the trait is strong, and a score below 100 indicates that the trait is weak. More specifically, you can interpret the scores as follows:

Above 150 is very high. This trait is VERY strong!

125 to 150 is above average. The trait is strong.

115 to 125 is slightly above average. The trait is slightly strong.

85 to 115 is average.

75 to 115 is slightly below average. The trait is slightly weak.

50 to 75 is weak.

50 or lower is VERY weak!

Note that there is no strict dividing point in the scores so a score of about 115, for example, is at about the point where the trait is noticeably above average. As with most things in life, like height, weight, intelligence, etc., there is a gradual continuum of scores, but these dividing points are fairly good indicators of when a trait stands out as being strong or weak.

The titles of the categories are fairly self-explanatory, but here are some additional notes:

1. Romantic and Sexual Attraction:

Physical appearance and other characteristics can affect how sexually two people are to one another, but sometimes you can be surprised that a person who is physically attractive is not as sexually attractive as another person, or vice versa. Astrologers believe that astrological influences have a big role as well.

A very high score in Romantic and Sexual Attraction indicates that this is a hot relationship, which is exciting, but can be too hot for some people to handle, resulting in jealousy or over-emphasis on sexuality to the neglect of other sides of the relationship.

A low score here does not necessarily mean that the two of you are not a good match, but just that sexuality is not likely to be the primary attraction that has brought you together.

2. Similarity of Interests and Temperament:

People who are similar tend to be good friends. If your score in this category is high, you are likely to find that you have similar interests and approach life in a similar way. A high score indicates a capacity for teamwork and a likelihood of remaining friends for a long time.

If your score in this category is low, then you tend to be very different, and hopefully you complement one another. As a simple example of this, one of you may be more aggressive and the other person more passive in the way you approach life. One of you may be more philosophical and

abstract and the other person more inclined to be direct and deal with concrete facts. A low score in this category can lead to misunderstanding or lack of appreciation. However, if you can learn to appreciate your differences, you can utilize your individual strengths to accomplish different things that need to be done.

3. Mutual Success and High Achievement:

A high score in this category indicates that the two of you are likely to plan projects together and work together to achieve goals. There is no guarantee of success in life, but the two of you do inspire one another to reach higher and to motivate one another to work to achieve your dreams. You have a dynamic relationship that keeps the two of you active, always exploring, and seeking to achieve more. The biggest negative possibility in having a high score in this category is that it pushes the two of you to achieve more and if you are unable to achieve your shared goals, you may feel frustrated or disappointed. However, if you do apply yourselves, it is likely that you will achieve your shared goals.

A low score in this category indicates that the main attraction between the two of you is not to be a productive, dynamic team that can achieve a great deal. You may still achieve a great deal together but it is not the primary theme in your relationship, and it is not what brought the two of you together.

4. Problem Solving, Communication, and Mutual Understanding:

A high score in this category indicates that you enjoy talking to each other, and you find that you are able to communicate well. The range of topics and interests may vary, and overall you find that you are able to establish good communication with one another.

A low score in this category indicates that sharing of ideas is not the primary focus of this relationship. You may still be able to communicate clearly, but you are not likely to find yourselves talking for long hours, with one conversation leading to another in an endless stream of ideas.

5. Mutual Kindness, Friendliness, Pleasantness, and Peace:

A high score in this category means that you are naturally inclined to feeling supportive and nurturing towards one another. You feel very comfortable taking care of one another, and you feel very comfortable with each other. A high score in this category is common among good friends and married couples. A high score indicates a likelihood that you can weather storms together and simply enjoy one another's company.

A low score indicates that the two of you need to be careful to not be overly critical or harsh towards one another. If you refrain from being unpleasant or rough, you can develop a warm and kind relationship, but it is likely to take a bit more effort than with a person with whom you have a high score in this category.

6. Aggressiveness, Competition, Power, Success, or Violence:

If either of you is inclined to be overly aggressive, dominant, or intensely driven to have power and success, then a high score in this category can lead to flare-ups and even animosity. If you have a high score in this category, you need to direct this intense energy towards a cooperative effort. You are likely to find that both of you feel impatient and driven to achieve more when you are together. If you can direct this energy positively, you can be a dynamic duo that can make things happen quickly, but both of you must be sufficiently energetic and in command of yourselves to succeed with this energy.

A low score in this category helps you to be patient with one another to feel relaxed when you are together.

7. Adventurousness, Surprises, Disturbances:

A high score in this category indicates that your relationship and your lives together will not proceed as expected. Expect the unexpected! The two of you attract new things into your lives and you tend to have a lively and very active life together.

A low score in this category indicates that it is likely that whatever plans you may have for your relationship are not likely to be disturbed by surprises. A low score leads to a more predictable life together with fewer surprises. Surprises can be good or bad so a high score is more of a gamble. A high score works well for people who have the creativity, imagination, and stability to turn unexpected changes into opportunities for greater growth and development.

8. Shared Creativity, Imagination, and Inspiration:

A high score in this category indicates that the two of you are drawn to very creative and imaginative areas together. You are a bit like children together, exploring and having fun. When you are together, you are more likely to be open-minded, receptive, and interested in creative and imaginative subjects than when either of you is by yourselves.

If both of you are mature and stable, a high score can provide you with a welcome creative spirit that enables both of you to enjoy life more and to step outside mundane daily chores and responsibilities. The two of you feel inspired and you are likely to follow an idealistic dream together. You must be careful to make sure that your dreams are not the silly dreams but really do have lasting value.

A low score in this category indicates that the two of you were not drawn together by fantasies and dreams, and shared idealistic dreams are not a strong shared interest of the two of you; you are more likely to deal with tangible and practical issues rather than imaginative ideals and dreams.

How The Compatibility Profile Is Constructed

If you are an astrologer or student of astrology, you may be interested in knowing how this compatibility profile is constructed. If you are not interested in the astrological factors that are analyzed, please skip this description of the astrological influences analyzed in this report. The astrological influences analyzed are as follows:

Category 1, Romantic and Sexual Attraction is based on aspects of Mars, Uranus, Neptune, and Pluto to Venus between each other's charts and in the composite chart.

Category 2, Similarity of Interests and Temperament is based on having a planet in the same zodiac sign or a similar aspect, such as both people having a major aspect between the same two planets.

Category 3, Mutual Success and High Achievement is based on aspects of Jupiter to Sun, Mars, or Pluto, or Sun-Jupiter aspects between the charts or in the composite chart.

Category 4, Problem Solving, Communication, and Mutual Understanding is based on aspects of any planet except Neptune to Mercury in each other's charts or in the composite chart.

Category 5, Mutual Kindness, Friendliness, Pleasantness, and Peace is based on trines, sextile, noviles, binoviles, and quadnoviles of the Moon to Sun, Venus, or Jupiter, or of Sun to Venus between the two charts or in the composite chart.

Category 6, Aggressiveness, Competition, Power, Success, or Violence is based on aspects of Mars to Sun, Uranus, and Pluto, or of Sun to Pluto between the two charts or in the composite chart.

Category 7, Adventurousness, Surprises, Disturbances is based on aspects of Uranus to any planet between the charts or in the composite chart.

Category 8, Shared Creativity, Imagination, and Inspiration is based on conjunctions, trines, sextiles, quintiles, and

biquintiles of Neptune to any planet in the other person's chart or in the composite chart.

In the formula used, each aspect is give a specific value and the number of points assigned is stronger if the aspect is stronger. A mathematical formula is then used to weight the final result so that the average score is 100. Because each aspect is weighted individually, the details of the astrological analysis is very long, but this brief description gives you an idea of how the analysis is done.

The number of different theories in astrology is enormous, and each astrologer uses a different combination of methods. The theories used here utilize sophisticated software to analyze many hundreds of factors into a final analysis of the compatibility in these 8 categories.

Alice And Michael's Compatibility For Romantic Relationship

(Sorted by importance)

Alice Sun in Pisces and Michael Sun in Leo:

A major difference between you is that Alice lacks Michael's natural egocentricity, personal pride, and ambition, and the need to feel important and special.

Alice will not compete with Michael and is perfectly comfortable not being the one in the limelight. In fact, Alice has a passive streak and tends to recede, avoiding intensely competitive situations where decisiveness and aggressiveness are required. Personal recognition is not that important to Alice.

Michael, on the other hand, loves to be noticed, appreciated, the center of attention, and tends to have an inflated sense of self-importance.

Alice is gentle, receptive, compassionate, and very sensitive to the emotional tone in any relationship.

Alice is attuned to the subtle signals, unspoken feelings and needs of a friend, while Michael is a bit dense when it comes to such things. If you want or need something from Michael, you must clearly say so.

Alice's changeability, fluidity, elusiveness, sensitivity, and awareness of subtlety fascinates and/or frustrates Michael, who is a much more straightforward, uncomplicated creature.

Also, Michael can easily dominate or trample over Alice's feelings, and this can be the **source of considerable unhappiness**.

Alice's Moon in Scorpio and Michael's Moon in Gemini:

Your emotional natures are so essentially different that you have great difficulty appreciating or understanding one another at times.

Alice is very passionate emotionally and feels everything very deeply. Alice has strong emotional reactions to everything, intense loves and hates, and doesn't have Michael's ability to be detached, reasonable, and rational in personal situations.

Michael can be as cool as a cucumber, light and breezy about situations that, for Alice, are very real and serious and heavily charged with emotion, and it may seem to Alice that Michael doesn't care, doesn't feel, or doesn't empathize at all sometimes.

Michael often feels threatened or uncomfortable with emotions, and uses humor, cool reasoning, or simple avoidance as a way to deflect some of Alice's intensity.

On the other hand, Alice may keep every thing inside, and tell Michael little or nothing about the true feelings.

Another issue between you is that Michael enjoys people, enjoys socializing, needs variety and novelty and mental stimulation, while Alice is very private and downright unsociable at times.

Michael needs to feel free to move about, and Alice tends to be possessive or even jealous of Michael's other friends.

Michael's Sun Opposition Alice's Mercury:

Lively exchanges of ideas are common between the two of you. Fortunately, you understand each other well, but unfortunately you sometimes have opposite opinions and perspectives on an issue.

Despite your differences, you work together very well in practical matters, planning, organizing, developing or communicating ideas, and your differing viewpoints are not likely to be a serious problem.

Alice's Sun Square Michael's Neptune:

You must guard against mutual deception and misunderstandings. Alice tends to have an unrealistic view of Michael, and Michael has a tendency to unconsciously capitalize on Alice's imaginative and often simply erroneous perceptions. The tendency to be dishonest, hide things from each other, exaggerate, and spur each other to unrealistic hopes and dreams is very strong.

Both of you must be able to distinguish fantasy from fact, and utilize the increased sensitivity and heightened imagination that you inspire in each other, without letting it cloud your ability to clearly and realistically see other and understand each other.

Alice's Sun Trine Michael's Mars:

Successful cooperation in achieving goals and accomplishing tasks is highlighted.

You make an excellent working team and you are able to assist each other in achieving specific, concrete goals.

Michael's Sun Trine Alice's Uranus:

Playfulness and a zest for newness infuse your relationship. You really spark each other's imagination and creativity. This quality is especially welcome in a long-term relationship because you will not fall into a lifeless routine.

You spur each other to explore, take risks, and develop new creative outlets. You encourage each other's independence and you have faith in one another's creative, inventive ideas and interests.

Alice's Moon Conjunct Michael's Saturn:

You don't loosen up and enjoy each other's company as much as you might have hoped. The mood that develops when you get together is formal, even constrained and inhibited at times. Alice may feel that Michael is too critical, acting like a parent or authority towards Alice.

However, you do respect one another, are very responsible to each other, and feel that you understand each other even though communication is often stilted and difficult.

Michael's Moon Opposition Alice's Saturn:

Although you both strive to be responsible, respectful, and dedicated to each other, there is a strong tendency for this relationship to focus TOO MUCH on responsibilities and commitments.

Michael is likely to feel unjustly criticized, frustrated by Alice's moral and ethical attitudes,

and eventually resent the limitations and responsibilities imposed by this relationship.

Emotional distance, coolness, indifference to feelings, and a sense of loneliness or oppression can develop between you. To make this relationship work, you both must avoid the tendency to let your sense of responsibility and concern for the other person cause you to try to control one another's life.

Michael's Moon Trine Alice's Venus:

There is much warmth and kindness in this relationship. Both of you find it easy to express kindness openly towards each other, and the emotional rapport is excellent. This friendship is likely to be a lasting, harmonious one.

Alice's Moon Sextile Michael's Mercury:

You enjoy long talks and you feel very much at home with each other. You are able to openly share your feelings about almost any subject. You will find that as you spend more time together, your tastes, interests, hobbies, and activities tend to blend together harmoniously. Your friendship is a strong and lasting one.

Alice's Mercury Square Michael's Mars:

The tendency to argumentativeness, verbal abuse, and mutual misunderstanding is very strong so please heed the following advice: try to avoid abusive language towards each other, and do not try to coerce the other person to accept your views. You enjoy challenging each other's ideas, showing the weaknesses, inconsistencies, or superficialities in each other's reasoning. While the intention is good, the net result can be hurt

feelings and anger. Typically there is some truth to each other's point of view, but a lack of real appreciation and respect for each other's ideas triggers argumentativeness.

Alice's Mercury Trine Michael's Pluto:

Your conversations are deep and probing. You understand each other at a very deep level, and you may find yourselves revealing things about yourself that you have not mentioned to anyone else. You also make a good research team or investigators.

Michael's Mercury Trine Alice's Neptune:

You enjoy discussing any subject that has an imaginative or mystical quality - art, music, fiction, theatre, or religion. You kindle each other's imagination and ideals. You work together well in the arts and in humanitarian areas. You have a strong intuitive and psychic rapport and often understand each other without need for words.

Alice's Mercury Sextile Michael's Jupiter:

Communication is open and harmonious. You are able to help each other incorporate new ideas and expand your perspective. If you have a close, long-lasting friendship, you will develop similar political, social, and philosophical views. **Your overall beliefs and aims are in harmony.** If you have a business relationship, you will do well in areas that involve long-distance communication, such as advertising, publishing, etc.

Michael's Venus Trine Alice's Mars:

You inspire affection and love in one another, and have a particularly warm friendship. You also

spark one another's creativity, artistic urges, and desire for beauty. This is a felicitous combination!

Michael's Mars Trine Alice's Jupiter:

The two of you form an effective, dynamic team in any venture or endeavor. You work together very well in accomplishing daily tasks, and it is likely that you will also successfully coordinate efforts on joint efforts as well. Alice provides the vision, the social contacts, and ideas, while Michael provides energy, decisive will, and enthusiasm.

Guidance

Alice, this break up is temporary. He'll be coming back soon. Take advantage with new information! Alice, what strongly comes through in here is Michael does not understand your Pisces nature while it is extremely important for you to be understood.

This created severe communication problems and frustrations for no particular reason. On one side it seems like you are both very drawn to each other and on the other side it seems like you both push each other away.

To get him fully back and keep him, first understand his nature. Make him center of attention while keeping YOUR confidence up. This is very important to understand: you MUST project confidence even in toughest times.

Do this visualization: close your eyes and imagine he is in the front of you. Let him psychically say whatever he wants to say. Then, let him know that everything is ok and all past misunderstandings are vanished. Imagine them as balls of energy that are dissolved. Imagine both of you get happy with each other. Now, make him a center of attention while strongly letting him know how confident you are. Ask him to text or call you and see him doing it. See how you have a very pleasant, exciting and inspiring conversation. Project feelings of love to him. See how he receives them and feels very excited!

Repeat this visualization for three nights before going to sleep.

And always remember to keep your confidence up around him.

To make him even deeper connected to you, let him know your ambitions and that you are a person who achieves your goals no matter what. This will create a very powerful desire for you (and fear of losing you)! A woman who is a goal achiever is his complete weakness! Passive girl personality doesn't fully cut it for him, he sees it as weakness.

I also feel he will be contacting you soon on his own. Energy of nostalgia is coming through. In this case, your nourishing Pisces nature works greatly in your favor and he misses nourishing, and sweet times with you. Sexual attraction is coming through very strong!
