Easy Way To Read And Understand This Report

This report consist of two main sections:

1. Your original birth Astrology
2. The Astrology at your current location

Each section has sub sections with very detailed explanations.

Wherever you see areas **underlined like this**, it means that the aspect has significant importance. It means that this energy about you stands out and I can easily pick it up.

Remember, I spend a great deal of time checking your energies to see what's important. Therefore, I highly advise you to pay attention to **highlighted parts**.

SOMETHING VERY IMPORTANT TO UNDERSTAND:

Throughout your report, you will see a conflict of statements. For example:

You appear **gentle and soft, and you act rather reserved** with others until you know them well and feel it is safe to be open with them.

And then...

Emotional outbursts are frequent with you due to your **fiery temper and emotional impulsiveness**.

It somewhat sounds like a conflict (but not really).

What happens is that a person is complex. Therefore, these conflicting energies are very possible.

When such energy conflict occurs, it is a very high chance that personality conflict arises too.

For the example above, most likely, you will be a gentle and reserved person until somebody crosses a line with you. Then, you have an abundance of fiery temper to put an "attacker" on his or her place.

It will depend on a situation and another person which side will be triggered most. For example, if you have a friend who is gentle, you will most likely be charming and gentle with that person.

On the other hand, if your roommate is an angry person, then your fiery side will come through to defend yourself during arguments.

Another very important factor to look at is under which section such a trait is exposed.

From the case above, the trait: “You appear **gentle and soft, and you act rather reserved** with others “ appears under the section:

How you approach your life and how others view you.

The second trait: “Emotional outbursts are frequent with you due to your **fiery temper and emotional impulsiveness**” appears under the section:

Emotions: Moods, Feelings And Romance.

This means that on the surface, you appear to people as gentle and soft, but deep inside, especially when it comes to expressing your feelings, you often do it in a fiery, dramatic way. Since it is also under “**Romance**” section, expect rocky relationships and arguments whenever something doesn’t go your way.

Such a “conflict” may sometimes make you feel a bit frustrated in life. You may think:

“Why is it I often feel so calm unless I am around HER (or him, or whoever...)?” Now you know: that person brings out your drama side and if you want to calm it down, simply find the root of the drama and expect miracles!

Your report will help you find many answers to the questions you ask yourself.

Surely enough, this report can greatly help you to gain personal power. And it also opens up many doors to your other life arenas.

When you get to the section of relocation, you'll be able to clearly see how current place plays an important role in your life and what influences affect you greatly.

How To Get The Most Out Of Your Report

Most people who order “PlutoCraft Astrology Report – Deep Sky Series” want complete **PERSONAL POWER AND CONTROL!**

Let’s just imagine that a something doesn’t work out in your life. Let’s just imagine you have problems at work and you wonder: “How can I have better job and make more money?”

Most people feel hopeless. But now, you can simply go to **How You Achieve Your Goals** section of this report and you will see that YOU:

“You are a perfectionist and have high standards for your own work. You often feel that if you want something done right you must do it yourself, for others do not do as thorough a job as you do. Doing a task well is very important to you, and you may labor over minute details that others wouldn't bother with. You strive for accuracy, efficiency, and precision and you become very irritable when things are not done "right".

And then, two other statements follow:

“Quick-witted and sharp-tongued, you enjoy arguing, debating, and contesting other people's opinions”.

So, if you want to have better relationships at work, explain to your boss that you would rather take more meaningful projects and do them yourself right from the first time, rather than fixing screw ups of others.

And also, being sharp-tongued, you may want to sometimes be more careful about what you say. Also, if you want ultimate success, given the Astrological blessings you possess, you may want to consider opening your own company instead of working for others and being told what to do.

This is just one example.

Remember: With PlutoCraft Astrology Report – Deep Sky Series – it is you who can have all the power and control, once you know what makes you - YOU!

People bend in front of you when you operate from your individuality and originality.

PlutoCraft Astrology Report – Deep Sky Series is like an instant access to TRULY knowing your individuality and originality! Therefore, we can certainly say that it is also an instant and certain access to your PERSONAL POWER AND CONTROL!

Prepare for it, because it is...

DEEP, INTENSE AND SCARY POWERFUL!

Kevin, this is your original birth Astrology report:

How You Approach Life and How You Appear To Others

Cancer Rising:

You appear **gentle and soft, and you act rather reserved** with others until you know them well and feel it is safe to be open with them.

You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc.

Making radical changes or moves away from what is known and safe can be very painful and difficult for you. **You tend to cling** and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life **emotionally and subjectively** and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and nonrational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices.

You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You **are tenaciously loyal, protective, and supportive of those you care about**, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they

need comfort, reassurance, or help.

Your **moods fluctuate and change frequently** and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

The Inner You: Your Real Motivation

Sun in Scorpio:

Quiet, deep, **emotionally complex** and intensely private, you are not a person who is easy to get to know and understand.

You are extremely sensitive but disinclined to show it, and you allow only a special few into your inner world. Like a wary animal, you are **cautious** and mistrustful of those you do not know until you "sniff them out".

You are very, very instinctive and intuitive. You usually have a strong, immediate gut reaction to people, even though you may be unable to clearly articulate why you feel as you do. Your feelings and perceptions go deeper than words.

You also have a powerful need for deep emotional involvement and you form very intense love bonds and attachments.

You are **possessive and often jealous** of anyone or anything that you perceive as a threat to your bond with someone you love. When you commit yourself to someone or something, you are wholeheartedly devoted and expect complete loyalty in return.

You merge with or "marry" the person you love at a very deep level and therefore separations are extremely painful for you, and often stormy and nasty. **When you have been wounded, you are not inclined to turn the other cheek and will retaliate if at all possible.** Certainly you will never forget the injury and often you harbor grievances and resentments for a long, long time. Forgiveness doesn't come easily to you.

Whatever you do, you do with passion and fervor, and you often go to extremes. You are either hot or cold, never lukewarm about anything. You can also be very narrow: either you are 100% involved in something or else it doesn't exist for you at all. Rarely are you emotionally detached and objective.

You definitely have a fanatical streak. You are also immensely strong-willed and your tenacity in pursuing your objectives often borders on being obsessive. Fierce pride, courage, and emotional strength are yours in

abundance.

You love mysteries and are deeply attracted to the hidden, dark, secret side of life. You never take things at face value and are always probing beneath the surface of people and situations to discover what is REALLY going on. You tend to be more of a cynic than an idealist.

Sun in 5th house:

You have a very **dramatic, creative, expressive nature** and you love to perform. You enjoy being the center of attention and you **seek to shine, to excel**, and to be outstanding in some **unique way**. You are very involved in your own creativity and self-expression, and take great pleasure in developing and using your special talents, whether these are artistic, athletic, or intellectual. You have a strong sense of pride.

Mental Interests And Abilities

Mercury in Sagittarius:

You possess vision and foresight, and your mind is often occupied with big ideas, plans, and goals for the future. You are interested in what is possible and what is on the horizon, rather than what has already been done.

The study of philosophy, religion, politics, or education is of interest to you, and you are more concerned with theories and concepts than with specific applications. You are not inclined to focus on any one practical, concrete area; you find it irksome to deal with details and particulars. You have a gambling instinct and enjoy speculative enterprises and new ventures. **Business, advertising, and promotion** would be good areas for you also.

Mercury in 5th house:

You enjoy puzzles and other games that challenge you intellectually. You like to show off your verbal or intellectual skills and to use your mind creatively. Writing, dramatic speaking or some other display of your creative intelligence appeals to you.

Mercury Conjunct Uranus:

An independent and original thinker, you are excited by new ideas, discoveries, and innovations. Your mind functions in an intuitive, nonlinear fashion, and sudden insights and ideas often come to you "out of the blue". You grasp ideas very quickly and often become impatient with those who are slower or more cautious than yourself. **You are considered rather eccentric and unusual** in your interests by more conservative minds. You do well in an open, unpredictable atmosphere where flexibility and quick responses are needed. **You have an aptitude for science, mathematics, electronics, or astrology.**

Moon Trine Mercury:

You would be an excellent teacher or counselor for you listen sympathetically, and encourage others to express their inner thoughts and feelings. People **trust and confide in you**, and you are able to read between the lines and to sense what their feelings are as well as what they are saying.

You work well with and understand women, and the emotional, feminine side of life. You are articulate on personal (rather than factual or technical) subjects. Keeping a diary or journal would be satisfying for you. You also have a talent for learning languages.

Emotions: Moods, Feelings, Romance

Moon in Aries:

Emotional outbursts are frequent with you due to your **fiery temper and emotional impulsiveness**. You express yourself very directly and honestly and no one has to guess what your true feelings are. However, you dislike showing any personal weaknesses or needs for support, comfort, and nurturing. You are often impatient with yourself and with others. You abhor emotional dependency and dislike "complainers".

You inspire others to take positive action in their lives by your own enthusiasm and eagerness to meet life's challenges, and are **attracted to people who are adventurous, courageous, and independent**. You are rather **bossy**, but you do not like to be with people that you can boss around too much. You enjoy a good fight sometimes. Relationships built upon mutual respect and a good deal of emotional freedom are ideal for you.

You become very cross if you do not have enough vigorous physical activity. You will feel your best if you "do battle" on the tennis or racquetball court (or engage in some other competitive sport) frequently.

Moon in 9th house:

You may have done extensive traveling in your early years, or in some way had a background which enables you to understand and identify with many different types of people or cultures.

You have a craving for things which are far away and foreign or for things you have never experienced before.

You want to completely immerse yourself in the feelings and tastes of a **new** place, rather than simply have facts or an intellectual appreciation. Emotionally, too, you are restless and something of a wanderer.

Moon Opposition Mars:

You are temperamental and impatient and can be very difficult to live with. **You tend to respond with a temper tantrum** (overt or subtle) if your desires are frustrated. You become very irritable and bad tempered if you do

not have enough vigorous physical activities or other outlets for your aggressive, feisty spirit.

Moon Square Neptune:

You are a dreamer, **attracted to the inner, mystical side of life**, and may have trouble distinguishing the real from the imagined or illusory. You do not enjoy confrontation and become very evasive when problems in your personal life arise, escaping into your imagination in order to avoid dealing with them directly.

You are also rather gullible and naive about people, especially if your sympathy has been aroused. You are very **sensitive to music** and can use it to bring yourself into emotional balance and harmony.

Venus in Libra:

You possess the gifts of tact, courtesy, consideration, and a strong desire to please and understand your love partner. Because you value harmony so much, you will compromise a great deal to avoid any discord or conflict. You do not like to dwell on controversial or emotionally difficult subjects, and often try to "smooth things over" or "sweep them under the rug".

In love, you want an intellectual peer, an equal, and a friend. You are attracted to people who have a certain finesse, delicacy, and subtlety. You appreciate good manners and refinement and are not happy with a coarse, blunt type of person.

Venus in 4th house:

A warm, loving, and comfortable home is very important to you and you invest a lot of your energy into beautifying, decorating, and creating a lovely home. Also, you share your affection with the people in your family very generously and having close family ties is a major priority for you. Being at home makes you happy.

Venus Sextile Uranus:

You are open and progressive in your attitudes towards love and romance,

and spontaneous and free in your love-expression. **You are always willing to experiment and try anything new** that your partner suggests, and you enjoy being surprised. A relationship in which both you and your partner have a good deal of **freedom and independence** will hold your interest much more than a safe, predictable one.

Drive and Ambition: How You Achieve Your Goals

Mars in Virgo:

You are a **perfectionist and have high standards for your own work**. You often feel that if you want something done right **you must do it yourself**, for others do not do as thorough a job as you do. Doing a task well is very important to you, and **you may labor over minute details that others wouldn't bother with**. You strive for accuracy, efficiency, and precision and **you become very irritable when things are not done "right"**.

On the other hand, you can become so much of a perfectionist and so self-critical that you will not even attempt many activities and projects, feeling that your efforts simply won't be good enough.

You are usually modest and realistic in assessing what you can accomplish and, if anything, you underestimate yourself. Of course, practice makes perfect, and if you do apply yourself diligently in some area, you gradually gain self-confidence as you master skills and develop expertise.

You conserve your energy and pace yourself so that you do not waste or diffuse your efforts. An unwillingness to take risks or venture from the beaten track can sometimes limit your opportunities. In short, you may not aim high enough and settle for too little in life.

Mars in 3rd house:

Quick-witted and **sharp-tongued**, you enjoy arguing, debating, and contesting other people's opinions. You are quite forthright and sometimes tactless. You can be very convincing about your point of view, but you are prone to a "hard-sell" approach which **sometimes backfires**. Challenging mental work is a good avenue for your aggressive intellect.

Mars Square Neptune:

Ordinary life often seems drab and uninteresting to you and you must have something that stirs your imagination, some vision or ideal or dream to motivate you. **You have a strong urge to act out your fantasies** or to **live your dream**, and you will DO things that others only talk about or dream about. Artistic creation, drama, or other areas in which you can express

yourself imaginatively are excellent for you.

Work that serves only your own narrow personal interests does not satisfy you. You may lack the competitive edge, the **fighting spirit**, the me-first attitude that is often required for material advancement and success. You also tend to either overestimate or underestimate your own power and abilities.

Other Important Influences

Jupiter in Sagittarius:

Your strength lies in your ability to see the whole, rather than only the parts which compose it. **You have a deep need** to explore the world and to develop your own philosophy of life and sense of personal meaning. You vacillate between being open-minded and tolerant of differing views, and being dogmatic or overly zealous about your own viewpoint.

Jupiter in 5th house:

You are fun-loving and playful, and you throw yourself into your play with joyous abandon! Whatever your love or enthusiasm of the moment is, you go all out for it. You enjoy sports, recreation, or gambling, and you can be somewhat hedonistic or addicted to having a good time. Your children or your creative pursuits give you much happiness and fulfillment.

Saturn in Scorpio:

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.

Saturn in 4th house:

Your childhood or your relationship with your parents was restrictive, unloving, or unhappy in ways that may prevent you from allowing other people to get close to you in later life.

You felt deprived in some manner, whether or not you actually were deprived in some way. Emotional separations or repression of your needs and feelings may typify your early life, at least as you remember it. Forgiving your parents and/or letting go of any resentments you have about the limitations you experienced early in your life is crucial.

Also, you need to build your own solid foundation, and **investing time**

and energy into your home, domestic relationships, and inner life can help you accomplish this.

Uranus in Sagittarius:

You are part of a 7 year group of people who are extremely enterprising and forward-looking. You are optimists and explorers. Your age group shoots for the stars, figuratively and literally. Space exploration takes on new dimensions as your age group pushes fervently to the next frontier. There is a buoyant and youthful optimism and enthusiasm in your group, and you have your share of great discoveries as well as pipe dreams and disillusionment. The discoveries and contributions, however, are many, and more than compensate for the failures.

Uranus in 5th house:

You are uninhibited and have an outrageous, crazy sense of humor. You love to get loose and you're often impulsive or "wild". Even if you appear conventional, **you are attracted to highly eccentric, creative, or unusual companions.** In romance, you are happiest when there is an element of surprise, unpredictability, and **adventure.** You may choose unstable love partners.

Neptune in Sagittarius:

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is **very liberal** and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and **there is a very strong interest in all manner of psychic phenomena,** UFO's, **prophecy,** etc. This interest will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

Neptune in 6th house:

You have a sensitive physique and may have allergic responses and sensitivities to foods, medicines, or anything you take in from the environment. Emotional stress and confusion seem to affect you physically, even more quickly than they affect other people.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Scorpio:

You are part of a 12 year group of people who have a complex and deep emotional side.

Your age group has a great fascination for the mysteries of life, and members of your age group will make extraordinary breakthroughs in the understanding of life processes; major advances in biological sciences will open up new technological possibilities.

Intensive probing into genetic structure and cellular processes will accelerate genetic engineering into new vistas. Your generation also probes the mysteries of birth and death, and members of your age group will even develop laboratories for forging new understanding of what happens at birth and death.

Other breakthroughs will be made in the understanding of animal behavior and sexual activity. Archeological studies will unearth vast new insights into the history of man, and the exploration of the ocean will receive a new impetus, spurred by unusual and interesting findings made at the bottom of the sea.

Behind all of this work is the deep, probing, penetrating interest in the mysterious.

There is a deep fascination with sex, power, and the occult as well.

Hypnosis, karate, and other mental and physical training techniques are

likely to be very popular with your age group. The **love of mystery** is also likely to bring a revival of mystery novels and movies; your age group will bring the macabre into current fashion and style.

You are an emotionally complex group, and you can be prone to some very strange behavior. Intrigue and mystery are exciting to your age group, and hopefully this does not get the better of you, causing you to act in a cruel or grotesque manner.

There is a chance that crime, violence, and emotional disturbance will be relatively high in your age group, but hopefully your interest in the mysterious, strange, grotesque, and macabre will not manifest in this way.

Pluto in 4th house:

There was much that was hidden or secret in your childhood home, and you absorbed a sense of shame or a feeling that you need to hide and protect who you are from others. One of your parents had an especially intense bond to you and profoundly influenced you, perhaps dominated or controlled you in subtle ways.

Unlocking the secrets of the past, and learning to be intimate and close to others without controlling or being controlled are issues for you.

Kevin, this is your Relocational report for Toronto, CANADA.

Conclusion And Advice

Kevin, your current location is very favorable for you, especially when it comes to work and business. There is no suggesting to relocate. **This is a real blessing** because most people do not experience such a positive location. Make the best out of it!

However, work on your emotions and temper. With such a favorable location and talents that you have, you can easily make a big progress.

Consider opening your own business. Not only your personal Astrology matches with such action, but also your locational Astrology is favorable.

Think of a service business that you would love. For example, any business related to metaphysics, hypnotherapy, self-improvement and helping people achieve their goals.

Coaching would be a very beneficial business opportunity for you as well.

Seek motivated clients, don't seek time-wasters. You will have a lot of frustrations with time-wasters.

Another advice that comes through is that you want to surround yourself with color red. Red car, red clothes and anything that has red is beneficial for you in Toronto.

You may occasionally experience frustrations and irritations in Toronto, mainly at your work place, where you pushed against the wall. Disengage from these people by simply not paying attention to them whatsoever. If you are not satisfied at your current job – you can seek the new one because your locational Astrology supports you or even better – open your own practice.

Avoid all forms of violence and crime. Your protective nature and fiery temper may create more problems than it is worth.

Enjoy!

Sincerely Yours,

Master PlutoCraft
